

CONTENT DISCLAIMER

This service manual was developed to be used by trained Abbott Laboratories Field Service Engineers/Representatives (FSEs/FSRs). Updates to the information on this CD will be provided on paper (ISAs, TSBs, Customer Letters, etc.). Refer to the latest printed documentation for the most up-to-date information.

This LCx® Analyzer Service Manual CD was developed solely for use with Abbott Laboratories equipment. No part of this document may be reproduced, stored, retrieved, or transmitted in any form or by any means without the prior written permission of Abbott Laboratories.

The examples contained in this manual are intended for illustrative purposes only.

In no event shall Abbott Laboratories or its subsidiaries be liable for any damages incurred in connection with or arising from the use of this manual by persons not fully trained by Abbott Laboratories or persons who are not under the direct supervision of trained Abbott Laboratories technical sales and service representatives.

Abbott Laboratories software programs are protected by copyright. All rights reserved. This software was developed solely for use with Abbott Laboratories equipment and for *in vitro* diagnostic applications as specified in the operating instructions.
